IB Diploma Student Subject Choice Form **Academic Cohort 2010 - 2012**

Key to Stage by Stage Process of Choosing Subjects

It is expected of potential IB students that they should complete this form and the questions to the best of their ability. We expect to see your enterprise and diligence as these are key qualities for a successful IB Diploma candidate.

- 1.** You should complete this form ONLY after reading the **IB Diploma Subject Choices Guidebook**, which is designed to assist you in making your IB subject choices.
- 2.** In particular, look carefully at the sections, '**How to Select your Subjects...**' and '**IB Subject Guides**'.
- 3.** Complete the section '**Personal Details and Languages**'. Be aware that to qualify for 'Foundation' languages, you must have less than ONE year's formal learning experience in that language and that you have not undertaken any formal examination in that language.
- 4.** To make the best decisions, you are also expected to undertake some individual research about university courses and requirements. It is very important that you record what universities require in terms of total IB Diploma points and what HL subjects they require and what HL points are required.
Make sure you record the university, the degree course name and their requirements.
You must be aware that – after November 2010 – you may not be able to change your IB Diploma subjects.
Record your findings in the '**University Courses and Requirements**' section of this form.
- 5.** On the '**2010 IB Diploma Subject Options Table**' are the revised Group option blocks: you MUST choose **ONE** subject each from Groups 1 to 5.
ONE subject can be chosen from Group 6. Group 6 has been divided into Arts (Group 6.1) and Electives (Groups 6.2 and 6.3).
You may only choose ONE subject from any of these groups. For example, you are therefore not allowed to choose 'Theatre Arts' (Group 6.1) and 'Design Technology' (Group 6.2). Mark/circle your choices on the table itself.
- 6.** Remember you must choose at least THREE Higher Level (HL) subjects and THREE Standard Level (SL) subjects. Choose your THREE Higher Level subjects first.
- 7.** Once you have marked your choices on the options table, transcribe these onto the '**Standard and Higher Level table**'. You should – based upon your university research – indicate a realistic and realisable IGCSE grade that you need to attain.
Be aware that some subjects do not require previous IGCSE experience: if you are not sitting an IGCSE, please complete this box with a hyphen ' - '. Please make sure that your teachers have signed and/or completed their comments: we cannot accept a form that does not have a teacher's signature.
